I understand and agree*

There are required fields in this form marked *

a. Create a username for logging in to BlueScope Training. Your username must be lower case. Numbers and letters are allowed. You can also use underscore (_), hyphen (-), full stop (.) or at symbol (@).
 Example: michaelsemmler

b. Create a password. Your password must have at least 8 characters, at least 1 number, and at least 1 upper case letter.
 Example: mySecretword2

c. Enter your work email address. Only some emails are permitted. Your home or personal email may not be allowed. If you are not sure please ask your supervisor or site contact.

d. Enter your name and the city or town where your business or company is located

e. Select the country where you are located by clicking the dropdown menu

f. Select the main site or state where you work by opening the dropdown menu.

g. Select your business name. Choose "Not Listed" if the name is not there.

h. Read the policy agreement and acknowledge by clicking the box.

i. Select "Create my new account."

j. You will get a message if you leave out required information

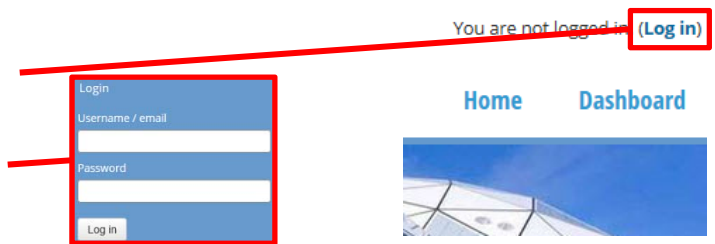

Required

Bluescope Training Instructions For Registration and Accessing Courses

How To Access Courses

1 Access courses by selecting "Log In" at the top right of the home screen or by using the login pad at the bottom left of the window. You are required to enter your username or email and the password you set up when you registered.

2 When you first log in you will see a list of course categories. Select the category that has the course you need to do.

3 Select the course you need to do

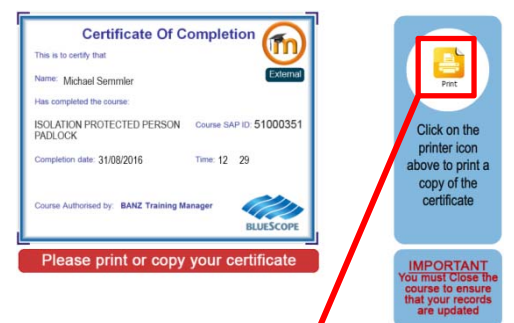

4 Select "Enter" to start the course and wait for it to load. Loading may take a while depending on how big the course is and your internet connection. If you cannot load a course you may have to "Disable Pop-Up Blockers". More information can be found here: <http://www.wikihow.com/Disable-Popup-Blockers>

5 Complete the course and the quiz if required. Use the buttons at the bottom to navigate through the content. If you close the course you will need to start from the beginning.

6 When you have completed the course you **MUST** print out or copy (take a screen capture or take a photo) your certificate for your records. The certificate may be required to confirm that you have completed the training.

You must close the course window in order for your record to be updated in the eLearning system.

Use the print button to print to your default printer. Note that Flash is must be enabled on your computer for this to work.
